The Official Newsletter of Dream Compassioneers

Dream Compassioneers is a joint-school international volunteering organisation for education. It aims to provide schoolchildren in poverty-stricken regions all over the world with daily necessities and opportunities for education, improving their lives in the long term.

## ABOUT US

"Passion to Dream, Dream to Inspire"

Do you still recall your childhood? Dreams that you have always wanted to fulfill? Witnessing children in Cambodia treasure hunting within the pungent atmosphere of mountains of rubbish, then what about them, what could be their dreams? Children are the future of society. No matter where they are, they should have the right to receive an education and to enjoy their childhood.

Dream Compassioneers wish to accompany children with needs, to safeguard their dreams, and to provide them with the opportunity to secure daily necessities and education opportunities.

A single spark can start a prairie fire.

May we all unite, kindle the spark of light, and safeguard children's dreams!

## OUR AIMS

- 1 This association aims to provide daily necessities and education opportunities for schoolchildren in poverty-stricken regions all over the world, improving their life in the long term.
- 2 This association strives to raise public awareness of the situation and needs of the poor in poverty-stricken regions, encouraging more capable individuals to lend a helping hand to those in need.
- 3 The founders and members of this association should serve with altruism, placing the interest of others over personal gains and benefits.
- 4 This association hopes to enrich the organisational and overseas-service-related experience of Hong Kong secondary students. By widening their horizons, this association hopes to foster the all-round growth of students and to nurture future servant leaders.
- 5 This association embraces individuals of various religious backgrounds and political viewpoints, yet does not participate in any religious or political activities.

## ACTIVITIES HELD IN JANUARY

### Jan -- Online Talk

#### "Passion to Talk, Talk to Inspire"

DC is inviting different guests to share their experiences on topics such as education, children, and services on the monthly "Passion to talk, Talk to Inspire" online seminar. Through this series of seminar, we hope to raise the public's concern and understanding on these topics.

Our first ever online seminar "Passion to Talk, Talk to Inspire" was successfully held on January 11, 2021!

We were honoured to invite Ms. Brenda Hui to share with us her 11 years of service experience in Cambodia. We are very grateful to Ms Brenda for her rich Cambodian experience, which allowed us to have a deeper reflection on "service". We had about 70 participants in this event and we are very thankful for all of your support!

We will continue to hold a "Passion to Talk, Talk to Inspire" online seminar in February, and hope to see you all at the seminar by then!

### 1st Dream Compassioners Annual General Meeting

The First Dream Compassioners Annual General Meeting was successfully held on 16th January 2021. We sincerely thank all the participants for their massive support and time. # ONGOING EVENTS

## Social Services

### “GRANT A WISH”

#### — Supplies Collection Project

On November 20, 2020, United Nation's World Children's Day, we launched a material collection program - "Grant A Wish". Through this plan, we hope to equip under-resourced students with donated supplies, and so to achieve their dreams. We hope to gather every bit of strength to provide students in underdeveloped countries with necessary educational materials, such as stationeries, clothing, etc. After processing, we will donate it to those in need, e.g. the Cambodian orphanage. Some of our member schools have been invited to participate in this event, but due to the suspension of classes as a result of the pandemic, we have decided to extend the collection deadline and continue after classes resume. Hopefully, through a little contribution from each of us, we will be able to achieve the dream of school children.

## Advocacy

### 1ST DC DEBATE COMPETITION

We are now preparing for the "Dream Compassion Cup"— the first ever service-themed secondary school debate competition. The debate will cover social issues in various countries, including topics on poor school children, education equity, and more. The purpose of this cup is to promote the spirit of service. We hope that through debates, the public will be inspired to think about and understand related issues, so that more action can be taken. The competition is co-organized by Bishop Hall Jubilee School and Heep Yunn School, and our member schools will also be given priority for participation.

### DCMUN 2021

DC is also preparing for the "Model United Nations" event. Through discussions, presentations, and competitions, we can think more deeply about children's educational rights and understand the scope of these issues on a legislative level. We hope that participants and the public will understand the importance of serving the needs of children from this event, hence echoing the mission Dream Compassion.

31st January 2021

Dear Friends of Dream Compassioners,

Time flies. In the blink of an eye, We bid our farewell to 2020. In the meantime, Dream Compassioners has also taken some progress in its development. Starting from 2021, we will be updating you, friends of Dream Compassioners, on our current progress through the Monthly Newsletter.

With the support from Honorary Advisors, committees, and the public, Dream Compassioners held its first Annual General Meeting successfully, starting a fresh and significant chapter.

We promise, despite the pandemic and various hurdles, Dream Compassioners will continue to accomplish our mission diligently. Although we cannot participate in volunteering and teaching overseas this year, we will organize various activities to facilitate local service projects, and advocate social issues positively. We hope that the public can understand the needs of underprivileged children and especially the children in the underdeveloped places. We encourage people from all walks of life to participate in volunteering, trying our best to make contributions to society. In the future, we will keep up the good work and deliver more to the world.

I would like to express my gratitude for your trust in our organisation and my role as the President of Dream Compassioners. Thank you for the effort of the Management Board, Executive Committee, and the Subsidiary Committee. By gearing up together, we can make huge contributions to society. All things are difficult before they are easy, this is why we must make an all-out effort in order to grasp the nettle.

May we work hand in hand for the dreams of children!
